The COVID-19 pandemic poses an acute threat to the well-being of children and families due to challenges related to social disruption such as financial insecurity, caregiving burden, and confinement-related stress (e.g., crowding, changes to structure, and routine). The consequences of these difficulties are likely to be longstanding, in part because of the ways in which contextual risk ...

The person-in-environment perspective in social work is a practice-guiding principle that highlights the importance of understanding an individual and individual behavior in light of the environmental contexts in which that person lives and acts. The perspective has historical roots in the profession, starting with early debates over the proper attention to be given to individual or ...

And we've had a few cases where people with COVID needed food so we're working on that through their family members. "We have lots of donations but we need more," Groberg said. "We can't give out certain things because we keep running out." Among those items needed most are tomato products (such as sauces), mixed beans, chili, peanut butter, fruit, canned meat and side dishes ...

No matter which method you're choosing, how to make a vision board that is right for you should be started with a little ritual. Sit quietly and set the intent. With lots of kindness and openness, ask yourself what it is you want in which areas of your life. Maybe one word will be the answer. Maybe images will come into your head. Just take a moment to be with that. This process makes it a ...

Jane Addams (born September 6, 1860 – May 28, 1935) was an American settlement activist, reformer, social worker, sociologist, public administrator and author. She was an important leader in the history of social work and women's suffrage in the United States and advocated for world peace. She co-founded Chicago's Hull House, one of America's most famous settlement houses.
